

Pasul 1. Accesati www.oracle.com

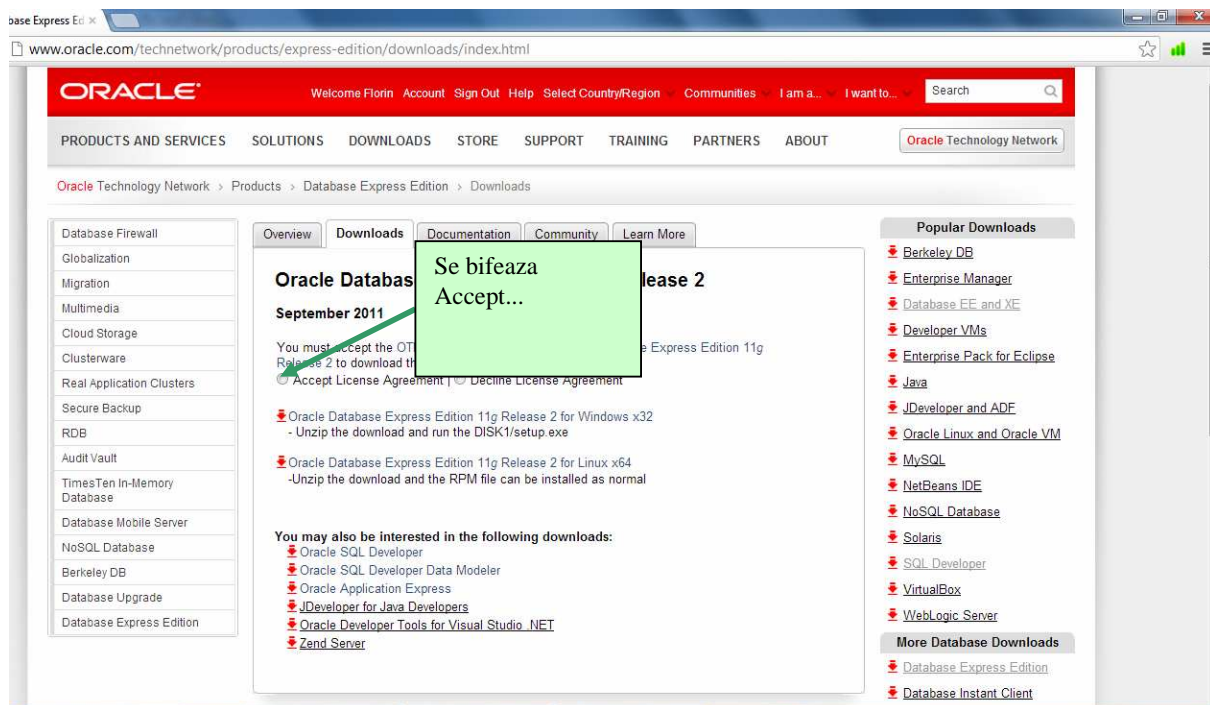

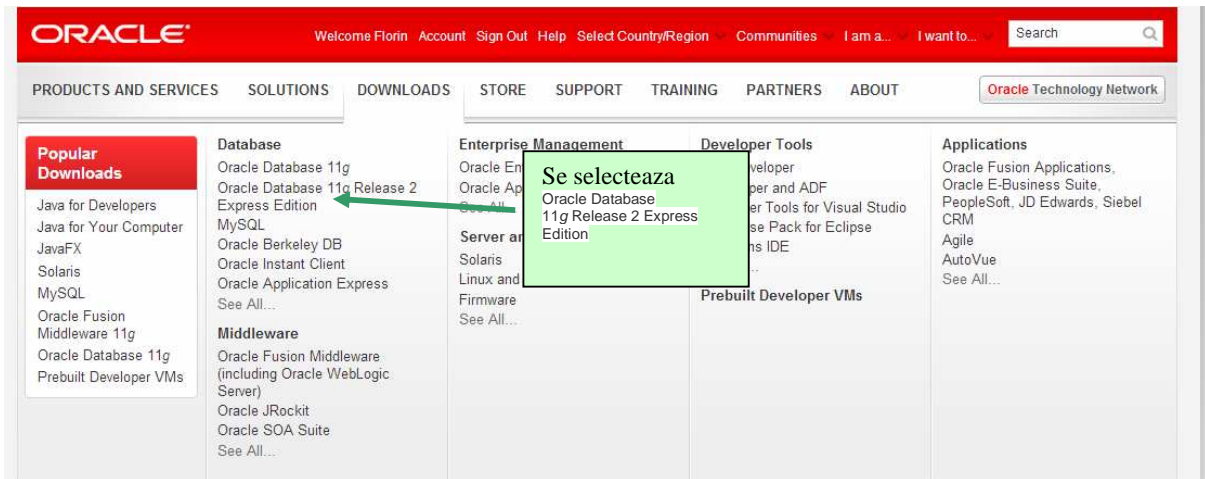

Pasul 2. Crearea unui cont

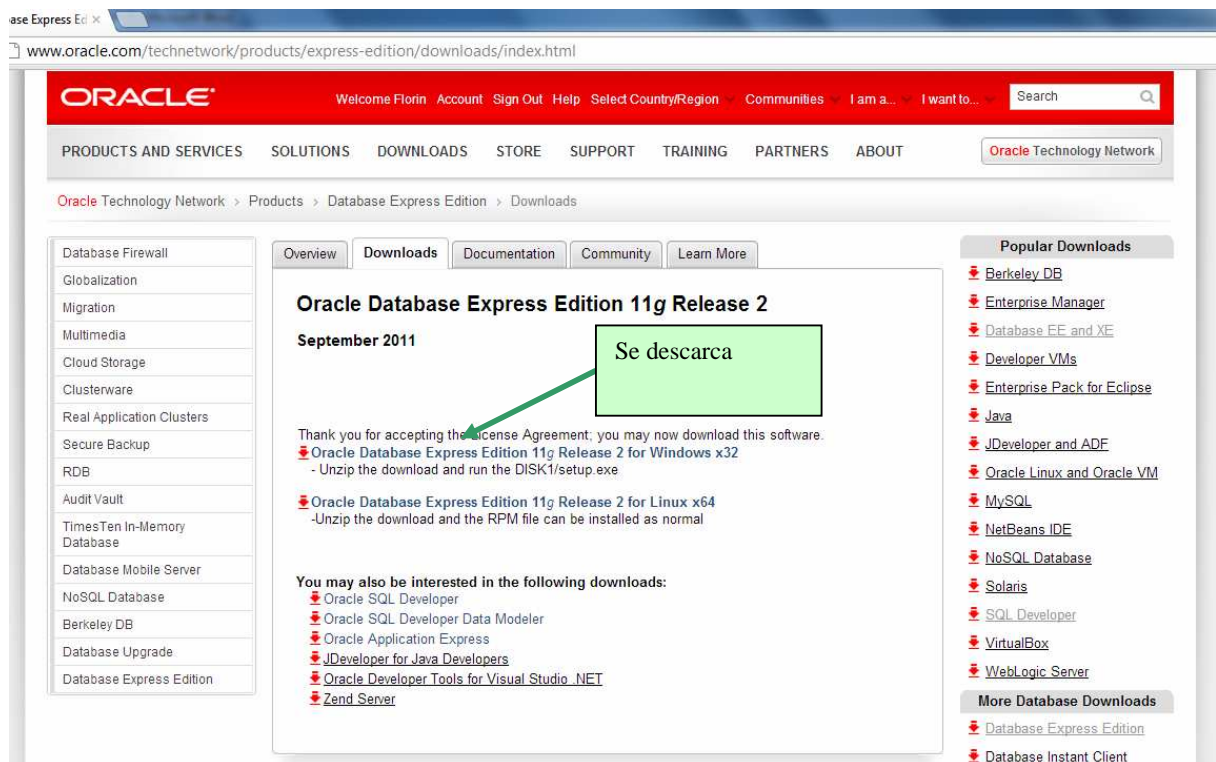

Pasul 2'. Intrarea in cont

Pasul 3. Descarcarea aplicatiei Oracle Database 11g Release 2 Express Edition

Pasul 4. Instalarea

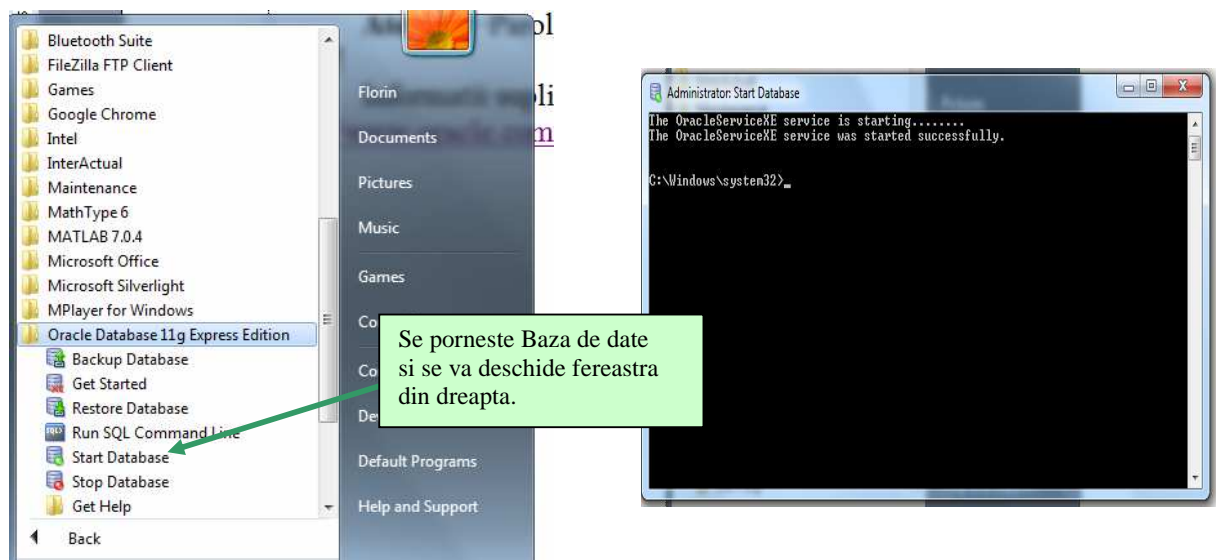

Se dezarchiveaza si se ruleaza aplicatia setup.exe.

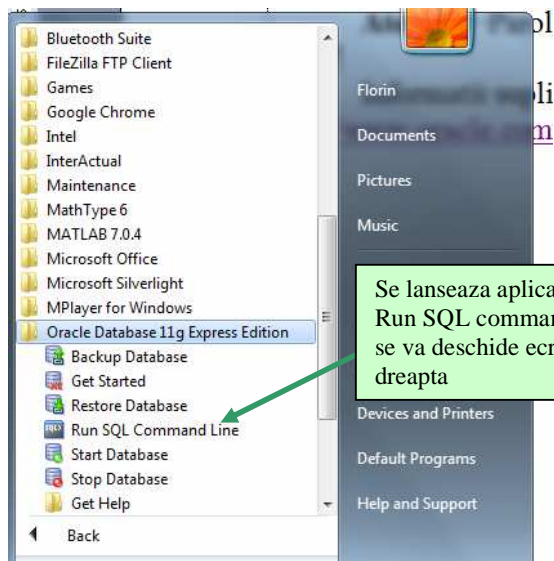

Atentie. Parola care vi se cere va fi parola dumneavoastra de administrator al bazei de date.

Informatii suplimentare despre instalare gasiti la

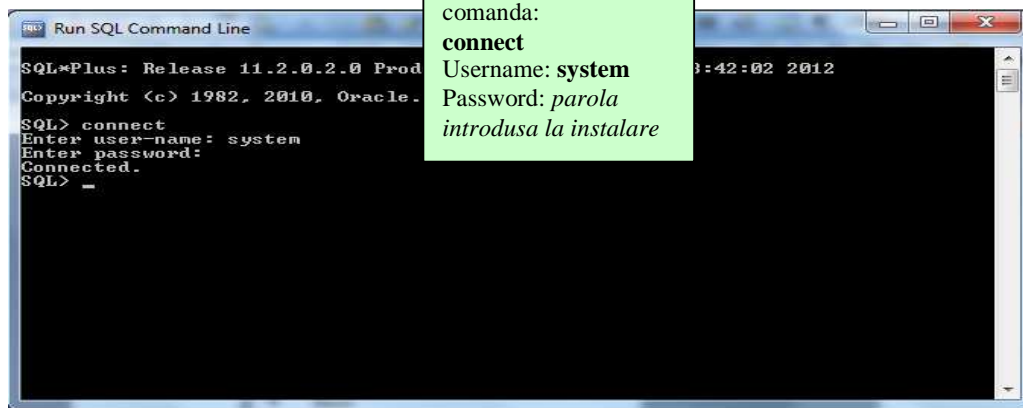

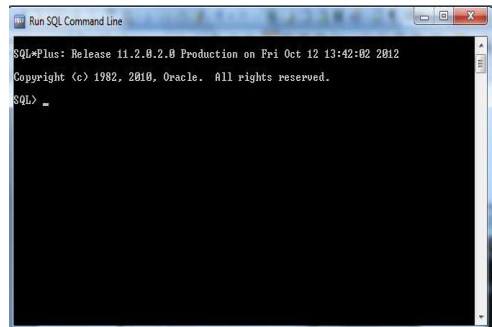

<http://www.oracle.com/technetwork/products/express-edition/documentation/index.html>

Pasul 5. Utilizarea.

Se lanseaza aplicatia
Run SQL command line si
se va deschide ecranul din
dreapta

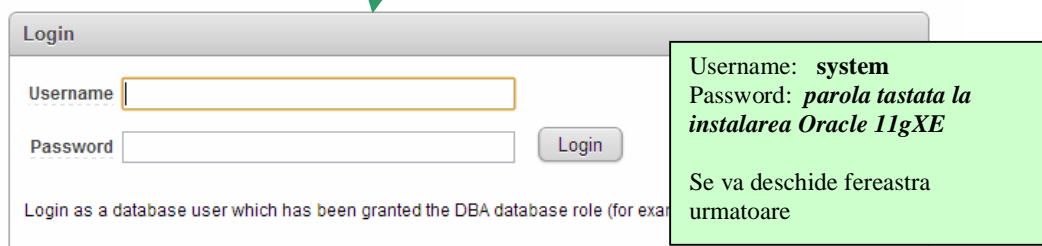

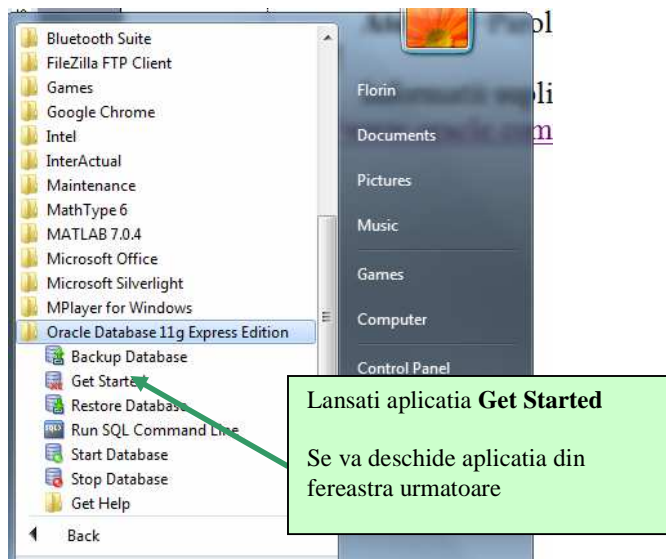

Conectarea se face cu
comanda:
connect
Username: **system**
Password: *parola*
introdusa la instalare

In acest moment sunteti conectat ca administrator al bazei de date.

Deconectarea se face tastand comanda **exit** in fereastra anterioara.

Daca vrei sa parasiti aplicati dati comanda **Stop database** de la **AllPrograms/Oracle Database 11g Express Edition**

Pasul 6. Crearea de utilizatori ai bazei de date. Pentru aceasta trebuie ca baza de date sa fie pornita (vezi pasul 5).

The screenshot shows the Oracle Database XE 11.2 Application Express interface. The top navigation bar includes Home, Storage, Sessions, Parameters, and Application Express. The main content area is divided into two panels: 'Create Application Express Workspace' and 'Getting Started'.

Create Application Express Workspace

Database User: Create New Use Existing

* Database Username:

* Application Express Username:

* Password:

* Confirm Password:

Buttons: Cancel, Create Workspace

Getting Started

Already have an account? [Login Here](#)

To get started with Oracle Application Express, create a workspace. You will need to specify:

- Database Username - Name of the database user to be created
- Application Express Username - Your login name for the Application Express Workspace
- Password - Password of both your database user and Application Express user

Once created, you will be able to [login to your Application Express workspace](#) using these credentials

Callout Box (Romanian):

Bifati Create New

Completati campurile necesare (username-ul pentru database poate fi acelasi cu username-ul pentru Application Express)

Apasati butonul **Create Workspace**

Ar trebui sa apara mesajul din fereastra urmatoare

The screenshot shows the Oracle Database XE 11.2 Application Express interface after successful workspace creation. The top navigation bar includes Home, Storage, Sessions, Parameters, and Application Express.

Successfully created workspace A3. To begin, [click here](#) to login.

Storage

View currently used storage. [Storage >](#)

Sessions

View current database sessions. [Sessions >](#)

Parameters

View initialization parameters. [Parameters >](#)

Application Express

Get started with Oracle Application Express. [Application Express >](#)
